

The Planning & Conservation Department has been running an annual Tree & Shrub Sale Program since 1999. In that time, impressively over 1 million trees have been purchased through the program.

Tree orders are picked up at the Aging & Disability Resource Center (formerly known as the County Ag Building), 650 Forest Avenue, Sheboygan Falls. You may also fill out and either mail in the form with payment or do so in person at the Conservation Division's office.

Please contact Karsen at (920) 459-1370 with any program inquiries.
